Meghan,

Unfortunately when the correction was processed on May 6 it wasn't backdated to April so that it would appear on the April MFS. We apologize for this oversight and the inconvenience it has caused in your reporting. 

Voucher 1132000010 was processed on May 7. Payments have to appear in the month they were actually processed, we can't backdate those. It will appear on the May MFS.

When I looked yesterday it wasn't corrected on FinMart but I thought perhaps they just needed to update before the do the final post and instead of being nitpicky I would wait.... Well, the reports have closed this morning and the PACER expense is still incorrectly listed on the 2013 account

So I guess I proceed with the reporting with the error and then having to correct next month but this is what I was trying to avoid

And the DeFazio payment was not listed still either

Thank you

Meghan

Hi there

FYI – voucher 1132000021 PACER for \$20.08 was posted to the 2013 account and not the 2014 account – an this please be corrected before the close of the April report?

Thank you!

Meghan
