I am acknowledging that my name will be released if a public report is produced however I would prefer it not be. In recent events people who speak up are often exploited by members of congress under the guise of Speech and Debate.

To my understanding of the House Communication Standards several members of the House of Representatives have violated House Communication Standards and rules following the release of the January 6th footage.

Derrick Evans of West Virginia

He posted a screenshot of video **0177USCH01HallofColumnsSouthDoor_2021-01-06_14h49min32s983ms_1.mp4** on the X platform using his official account.

Making the assumption that the rioter leaving the Capitol building was flashing a police badge to the security camera which would lead the masses to the conclusion that the Capitol Police were involved in instigating the riot. Even after he was told that the photo was of the now convicted Kevin Lyons holding a vaping device, Rep Evans has not removed or edited his post. Community notes has also captioned his post as misinformation. This violates House Rules

- Websites and social media content must be related to official business representational duties and comply with all applicable Federal laws and House rules.
- No speculation as to motivation/intent of individuals.
- Members may not use official communications to provide visual misrepresentations of other individuals, including but not limited to "deep fake" technology.

Marjorie Taylor- Greene of Georgia

Marjorie posted a screenshot of **0177USCH01HallofColumnsSouthDoor_2021-01-**

06_14h49min32s983ms_1.mp4 on X using her official account. She went as far to draw an arrow to the vape to convince the masses it was a police badge. She also made a statement speculating it was a police badge. Marj named a sitting member of Congress, Nancy Pelosi, alleging that she was lying about law enforcement conspiring to incite the riot. She broadly named the January 6 Committee whose members are currently in Congress. She later edited that post but the misrepresentation had already been spread and the original is still accessible.

Later she Quoted another convicted rioter Brandon Straka using footage from a video **0123USCS01NorthDoorAppt.Desk_2021-01-06_14h58min04s000ms.mp4** where she named President Biden and alleged that the rioters were being persecuted.

Thomas Massie of Kentucky

Retweeted a post from Senator Mike Lee that contained a screenshot from another video complaining that a police officer uncuffed a rioter and fist bumped him.

I am attaching screenshots of all posts by these members including Senator Mike Lee, whom should be reported to the Senate for abuse of congressional media communications. I would like to add how disappointing it is that members of Congress would misrepresent footage from January 6th. Congress should be held to a higher standard and obligated to tell the truth. Furthermore members of congress should not speculate intentions without the full context of a situation.

I am hopeful these members will be held accountable & encouraged to make a public apology to the American People & especially the Capitol Police.

Thank you for your time,

Mary McCloskey

Every member of the Jan 6th committee, Nancy Pelosi, FBI, DOJ, DC Police, Cap Police, Jan 6 witnesses who lied, all need to be subpoenaed.

Criminal referrals must be written and prosecutions **MUST** happen under a Trump DOJ.

That's a law enforcement badge in his hand while disguised as a Trump supporter in a MAGA hat.

I've said it all along, MAGA did not do this.

This is true and infuriating.

Also, even with release of the tapes it will not stop Biden's FBI and DOJ from their continued merciless persecutions of these people and it won't stop the communist judges from bludgeoning them with extreme and unfair punishments.

Republicans in Congress must defund them.

Matthew Perna hung himself because the government refused to acknowledge that some people walked inside the Capitol and wandered around.
