INTRODUCTION

Ordinary and necessary expenses incurred by Committee Members and employees in the United States, its' territories, and possessions in support of official Committee business are reimbursable in accordance with the regulations contained in this Committees' Congressional Handbook.

“Ordinary and necessary” means reasonable expenditures in support of official Committee business that are consistent with all applicable Federal laws, Rules of the House of Representatives, and regulations of the Committee on House Administration (CHA). The phrase “Committee funds” means funds made available to a committee pursuant to primary and supplemental expense resolutions or allocated from the reserve fund.

The Handbook is compiled of regulations meant to assist Committee Chairs in determining whether expenses are reimbursable. Therefore, the Handbook contains broad descriptions of reimbursable expenses, but is not an exhaustive list of such expenses. The Handbook provides Committee Chairs with the authority and flexibility to manage the Committee's budget. Questions about reimbursement of an expense should be directed to the CHA prior to incurring the expense.

For all questions relating to policies and procedures applicable to the acquisition, transfer, disposal, and maintenance of furnishings, equipment, software, and related services please, refer to the Guide to Outfitting and Maintaining an Office available from the CHA.

Routine administrative, financial and non-legislative support services (e.g., equipment purchases, technology standards and services, office supplies, room reservation and set-up) are acquired through the Office of the House Chief Administrative Officer (“CAO”). For further information about the CAO's services, please refer to [HouseNet](#), the House intranet or the CAO's services office, First Call, at x58000.

GENERAL

Only official expenses the primary purpose of which are for official committee business and which are incurred in accordance with the Handbook are reimbursable. In general:

1. Committee funds may not be used to defray any personal, campaign-related political party or campaign-related expenses, or expenses related to a Member's personal Congressional office.
2. Committee funds may not be used to pay a settlement or award in connection with a claim filed with the Office of Congressional Workplace Rights or in federal court for conduct prohibited under the *Congressional Accountability Act of 1995*.
3. The Committee Chair is personally responsible for the payment of any official expenses incurred that exceeds the authorized Committee funds or is incurred but not reimbursable under these regulations.
4. Campaign funds may be used to defray official expenses in certain limited circumstances where authorized by the Committee on Ethics. Pursuant to House Rule XXIV, clause 2, campaign funds cannot be used to defray official expenses for communications (including

franked mail), compensation for services, office space, furniture, equipment, or information technology services. Contact the Committee on Ethics at x57103 for guidance on use of campaign funds for official purposes.

5. The Committee Chair and Members of the Committee may expend personal funds in support of official Committee business. However, a Committee Chair or a Member of the Committee may not expend personal funds to defray the Committee's franked mail allocation.
6. Unless specifically authorized by an applicable provision of federal law, House Rules, or Committee Regulations, no Member of the Committee, relative of a Committee Member, or anyone with whom a Committee Member has a professional or legal relationship may directly benefit from the expenditure of Committee funds.
7. Committee funds are available for services provided and expenses incurred from January 3 of one year through January 2 of the following year. All expenses incurred will be charged to the funds available on the date the services were provided, and the expenses were incurred.
8. Committee funds are not transferable between sessions.
9. At the beginning of a Congress, each Committee is authorized a specific amount for franked mail which may not be used for other purposes. Funds provided to Committees in the primary and supplemental expense resolutions may only be transferred into a Committee's franked mail account with prior approval from the CHA.
10. Pursuant to 18 U.S.C. § 1913, Committee funds may not be used for certain activities in the absence of authorization by Congress. Contact the CHA for more information.

All expenditures must be part of an "arms-length marketplace transaction," which is an arrangement in which goods and/or services, including quality of and access to such goods and/or services, are acquired under the same terms and conditions as are available to the public.

BIENNIAL FUNDING

Pursuant to House Rules, Standing and Select Committees of the House, excluding the Appropriations Committee, are funded on a biennial basis. At the beginning of each Congress, each Committee must submit a budget request to the CHA and introduce a primary expense resolution providing funds for the Committee's activities for each session of that Congress.

The CHA will provide each Committee with forms and instructions for drafting a budget request and an expense resolution.

Once an expense resolution is introduced, the Chair of the Committee requesting funds must submit a budget request with supporting documentation to the CHA for consideration.

The Chair and Ranking Minority Member of each Committee will be invited to testify before the CHA on behalf of the Committee's budget request.

House Rule X, clause 7, provides for interim funding of Committees for the period beginning on January 3 and ending at midnight on March 31 or the adoption of a Committee funding resolution,

whichever is earlier, in each odd-numbered year. For each month during that period, Committees are entitled to 9 percent (or such lesser percentage as may be determined by the CHA) of the total annualized amount made available under expense resolution for such Committees in the preceding session. These amounts, however, may vary if the House acts differently.

BUDGETING AND DISCLOSURE

Committees should establish a budget at the beginning of each session and monitor expenditures each month using the monthly financial statement. The expenditures reflected in the monthly financial statements are compiled and published online as the quarterly Statement of Disbursements.

INCIDENTAL USE

Incidental personal use of equipment and supplies owned or leased by, or the cost of which is reimbursed by, the House of Representatives is permitted only when such use is negligible in nature, frequency, time consumed, and expense. For example, limited use of government resources to access the Internet, to send or receive personal e-mail or to make personal phone calls is permissible, so long as the use meets the above criteria, and otherwise conforms with the Regulations of the CHA and the Code of Official Conduct (House Rule XXIII).

Each Committee may adopt a more restrictive incidental use policy.

MONTHLY REPORTS

Each Committee must submit to the CHA the later of, the 18th of each month, or five business days after the closing of the monthly financial statement for that respective month, a report signed by the Committee Chair on the activities of the Committee during the preceding month.

The monthly report must include the following:

- a. Summary of the progress of the specific investigations and studies for which funds were approved.
- b. Statement of expenses for the month and year to date (page 2 and 3 of the Monthly Financial Statement is acceptable). Committees must reconcile their figures with the Monthly Financial Statement prior to submitting the monthly reports.
- c. Report of travel performed using Committee funds.
- d. List of Committee employees, job titles and gross monthly salaries (a copy of the monthly Payroll Certification Form is acceptable).
- e. Certification by the Chair of the reporting Committee that the report is available to Members of the Committee for examination.
- f. A list of all Committee detailees with each detailee's effective start and end date of detail at the Committee.

The CHA may inform Committees of additional requirements for inclusion.

Monthly reports for each Committee will be available for public inspection on the CHA website.

RESERVE FUNDS

Pursuant to House Rule X, clause 6(a), "a primary expense resolution may include a reserve fund for unanticipated expenses of Committees. An amount from such a reserve fund may be allocated to a Committee only by approval of the CHA."

Contact the CHA for information on requesting an allocation from the reserve fund.

COMMITTEE ACTIVITIES REPORT

House Rule XI, clause 1(d)(1) requires that every Committee “submit to the House not later than January 2 of each odd-numbered year a report on the activities of that Committee.” Contact the CHA for information on submitting the Committee activities report.

COMMITTEE STAFF

GENERAL

For purposes of this Handbook:

- “Staff” refers to all individuals who serve in the committee office including employees, fellows, consultants, detailees, unpaid interns and volunteers.
- “Employee” refers to an individual appointed to a position of employment in the House of Representatives by an authorized employing authority including individuals receiving pay disbursed by the CAO and individuals on Leave Without Pay or furlough status. Only employees count against a committee’s employee ceiling.

The Congressional Accountability Act (CAA) also contains definitions of “employees” and “interns.” Nothing in this Handbook alters those statutory definitions as applied under the CAA.

A Committee Chair is an authorized employing authority and determines the terms and conditions of employment for Committee staff consistent with applicable federal laws and House Rules.

1. Personnel actions affecting employment positions in the House of Representatives must be free from discrimination based on race, color, national origin, religion, sex (including sexual orientation or gender identity) service in the military, disability, marital or parental status or age.
2. Pursuant to House Rule XXIII, clause 8(a), a Committee may not retain an employee on the Committee’s payroll who does not perform duties commensurate with the employee’s compensation.
3. Teleworking is entirely at the discretion of the Committee Chair, subject to the Telework Policy regulations, and a Committee Chair is under no obligation to offer a teleworking option to employees. Offices offering teleworking must establish a teleworking program and enter into teleworking agreements with employees who are eligible to telework. The Telework Policy and a sample teleworking program and agreement are located on the CHA website.

EMPLOYEES

The Speaker sets an employee ceiling for each Committee which may not be exceeded unless specifically authorized by the Speaker.

Paid Interns

Paid interns must perform services for the Committee on a temporary basis as part of an educational plan. Examples of an educational plan include, but are not limited to, participation in the Intern Lecture Series, attendance at Committee hearings, or attendance at CRS internship training programs. Committee Chairs are responsible for ensuring that the activities of the Committee's interns are consistent with these requirements.

Paid interns may work for no more than 120 calendar days in a 12-month period per employing authority. Committees can share a paid intern with only one Member office at a time and only if that intern is paid from the House Paid Internship Program. Pursuant to regulations promulgated by the Office of Congressional Workplace Rights, paid interns are not employees for purposes of compliance with the minimum wage and overtime provisions of the Fair Labor Standards Act.

The rate of pay is at the discretion of the Committee Chair but may not be less than \$1,200 annually or exceed the maximum rate of pay set for interns by CHA (contact CHA for the current maximum rate). For the current applicable rate, contact CHA.

Paid interns are ineligible to telework unless an office as part of its continuity of operations plan requires employees to telework due to a disaster (natural or man-made), pandemic or other emergency. All equipment issued to support telework must be returned to the employing Committee no later than thirty days from the end date of the internship and costs incurred to return such equipment are reimbursable.

Any Committee interested in employing a foreign national as an intern should contact the Office of General Counsel at x59700.

Interns Paid from Committee Funds

Interns paid from Committee funds at or below the maximum rate of pay do not count against the committee's employee ceiling. Interns paid from Committee funds are eligible for transit benefits on a reimbursable basis and are eligible for the following benefits:

1. Federal Employees' Retirement System
2. Federal life insurance
3. Federal health insurance
4. Thrift Savings Plan

Paid House Committee Internship Program

The Paid House Committee Internship is an allowance separate from committee funds for compensation of interns. Committees are authorized an allocation each year which is divided evenly between the majority and minority.

Interns compensated through the Paid House Committee Internship Program do not count against a Committee's employee ceiling.

Unlike interns paid with Committee funds, interns compensated through the Paid House Internship Program are ineligible for the following benefits:

1. Federal Employees' Retirement System
2. Federal life insurance
3. Federal health insurance
4. Thrift Savings Plan
5. Student Loan Repayment Program

The Chairperson (or Ranking Member, in the case of interns employed by the Committee's Minority) determines the terms and conditions of employment for an intern participating in this program, including provisions for leave (e.g., Annual, Administrative, and Sick).

See *Unpaid Interns*.

Shared Employees

Individuals employed by more than one employing authority of the House of Representatives are considered a "shared employee."

Shared employees must work out of the office of an employing authority but are not required to work in the office of each employing authority. The primary duty station for any employee shared with three or more employing authorities is either Washington, D.C. or the District of one of his or her employing authorities, which is determined by the location of the employee's primary residence. All employing authorities must agree in writing to the designation of the shared employee's primary duty station to ensure they are aware of the potential cost to their individual official funds to cover travel expenses if the shared employee's primary duty station is not in Washington, D.C.

Employees may not be shared between a Member or Committee office and the office of an Officer of the House if the employee, in the course of duties for an Officer, has access to the financial information, payroll information, equipment account information, or information systems of Member, Committee, or Leadership offices.

Any shared employee employed by three or more House employing authorities is required to:

1. Inform each employing authority in writing of the employee's employment status and any change in employment status with other employing authorities.
2. File with the Office of Risk Management a signed Acknowledgment of Receipt and Understanding of the Shared Employee Manual and Certification of Continued Compliance upon becoming simultaneously employed by three or more employing authorities.
3. Pursuant to 5 U.S.C § 13101 et seq., each House employee who is simultaneously employed by three or more House employing authorities for more than 60 days during a calendar year must file a Financial Disclosure Statement by May 15 of each year. If an employee does not trigger the reporting requirements of the Ethics in Government Act by their salary amount, the employee need not file periodic transaction reports.

4. Comply with all the regulations set forth in the Shared Employee Manual.
5. Complete all financial training prior to gaining access to financial systems and must annually recertify.

Fair Labor Standards Act

Employees are classified into one of the following two categories:

1. Employees who are Exempt from the overtime requirements of the Fair Labor Standards Act, as incorporated by the Congressional Accountability Act, are those who are not required to be paid overtime for all hours worked in excess of 40 hours in one workweek. Exempt employees are expected to work whatever hours are necessary to meet the job responsibilities and needs of the Office.
2. Employees who are Non-Exempt from the overtime requirements of the Fair Labor Standards Act, as incorporated by the Congressional Accountability Act, are those who are required to be compensated for all hours worked in excess of 40 hours per workweek.

The employee classification determination is based on the actual job duties and responsibilities of the employee. For a detailed review of overtime pay and work requirements for Non-Exempt employees, at the request of a Chairperson/Ranking Member or his/her designee, the Office of House Employment Counsel can advise an office of the Fair Labor Standards Act as it pertains to that respective office.

CONSULTANTS

Pursuant to 2 U.S.C. § 4301, each Committee is authorized, with the prior approval of CHA, to obtain temporary or intermittent services of individual consultants or organizations, to advise the Committee with respect to matters within its jurisdiction.

1. The term of the contract agreement may not exceed 12 months or the end of a Congress, whichever occurs first.
2. The consultant is to act as an independent contractor and is not an employee of the Committee. The CHA will not approve a contract if the services to be provided by the consultant are the regular and normal duties of a Committee employee.
3. Individual contract agreements may not exceed the per diem equivalent of the maximum rate of compensation that pay set by the Speaker's Pay Order.
4. If the consultant receives federal retirement benefits during the term of the contract, the sum of all money paid to that consultant plus the federal retirement benefits for the calendar year may not exceed the Speaker's Pay Order.
5. A consultant may be reimbursed for the cost of transportation and travel-related expenses in accordance with the rates and regulations established for Members and employees of the Committee. Consultants may travel at the government rate when traveling on official Committee business.

6. Pursuant to House Rule XXIII, clause 18(b), consultants are subject to certain provisions of the House Code of Official Conduct, including the gift rule, the prohibition against use of one's official position for private gain, and the requirement to conduct oneself at all times in a manner that reflects creditably on the House. For information relative to the House Rules, contact the Committee on Ethics at x57103.
7. Committee Chair must submit a letter requesting approval of the CHA along with a signed contract agreement and resume of the proposed consultant, including, but not limited to, details of federal service either as an employee or pursuant to contract agreement with any Committee of the Congress.
8. The letter must specify that the proposed contract has been approved by a majority of the Members of the requesting Committee and that no services pursuant to the proposed contract will commence prior to approval of the contract by the CHA.

The CHA will make available for public inspection a copy of the qualifications of each consultant.

DETAILEES

Pursuant to 2 U.S.C. § 4301(f) a Committee may acquire on loan, with the prior written authorization of the CHA, experts or other personnel from a Government department or agency.

1. The Committee Chair must submit a letter to the CHA requesting approval of the detailing agreement. The request must include the following:
 - a. Letter from the Committee Chair to the head of the particular Government department or agency explaining the need for the detail, the estimated period of the assignment, and the terms of reimbursement, if any, of the detail.
 - b. Written response from the Government department or agency agreeing to the detail request.
 - c. Resume of the candidate for detailee position.
2. Detailing agreements may not exceed a 12-month period or the end of a Congress, whichever occurs first.
3. Committees are not required to reimburse for detailees.
4. Detailees remain employees of the detailing department or agency, and are not employees of the House. Therefore, any travel by detailees will be undertaken pursuant to the authority of the detailing department or agency. Reimbursement of travel to the department or agency is subject to the detailing agreement. The number of detailees per Committee may not exceed 10% of the host Committee's permanent staff ceiling. (All decimals will be rounded down to the lowest whole number, e.g. 5.9 is rounded down to 5).
5. Personnel from the Congressional Research Service (CRS) may only be detailed to accompany an official Committee delegation in the conduct of official Committee business. CRS staff may only serve in a technical, nonpartisan capacity, and all travel costs are the responsibility of the Committee.

6. Pursuant to 31 U.S.C. § 734, the Comptroller General may assign or detail an officer or employee of the General Accounting Office to full-time continuous duty with a Committee of Congress for not more than one year.
7. Detailees may use existing resources but cannot be reimbursed from House appropriated funds. If a detailee incurs an expense as a result of work performed for the Committee, the detailee may either be reimbursed by the detailing agency, or the Chair may use personal funds as authorized in House Rules.

FELLOWS

“Fellows” perform service in a House office on a temporary basis as part of an established mid-career education program while continuing to receive the usual compensation from his or her sponsoring employer.

Committees may accept the services of fellows in accordance with all applicable federal law. Fellows do not count against a Committee’s employee ceiling.

Fellows may use existing resources but cannot be reimbursed from House appropriated funds. If a fellow incurs an expense as a result of work performed for the Committee, the fellow may either be reimbursed by the fellow’s sponsoring entity, or the Chair may use personal funds as authorized under House Rules.

The use of fellows is subject to regulations established by the Committee on Ethics. Contact the Committee on Ethics at x57103 for more information.

UNPAID INTERNS

Unpaid interns are ineligible for benefits and are not eligible for reimbursement. The Committee on Ethics regulates the use of unpaid interns. Contact the Committee on Ethics at x57103.

VOLUNTEERS

“Volunteers” perform services in a House office without compensation from any source.

The voluntary service should be of significant educational benefit to the participant and such voluntary assistance should not supplant the normal and regular duties of paid employees.

Volunteers should be required to agree, in advance and in writing, to serve without compensation. (31 USC § 1342 & Comp. Gen. Op. B69907)

The use of volunteers is subject to regulations established by the Committee on Ethics. Contact the Committee on Ethics at x57103 for more information.

PAY

The Speaker sets the minimum and maximum rate of pay by issuance of a Speaker’s Pay Order consistent with Federal law.

Total compensation in one month, including regular pay and any lump sum payment, may not exceed 1/12th of the maximum rate of the Speaker's Pay Order.

Pursuant to 5 U.S.C. § 5505, the monthly payroll is based on a 30-day pay period. Payment is made on the last business day of the month.

Government contributions to retirement, life insurance, Thrift Savings Plan, transit benefits, Student Loan Repayment Program and health benefits programs are not charged to Committee funds.

Dual Compensation

The aggregate gross annual salary of an employee receiving payment from the House who is also receiving payment from the U.S. Senate, Architect of the Capitol, or any other department or agency of the U.S. Government, may not exceed the gross annual rate established by 5 U.S.C. § 5533. For the current applicable dual compensation rate, contact the Office of Payroll and Benefits at x51435.

Federal Civilian Annuitants

If a Committee employs a federal civilian annuitant, the amount of the annual annuity, when added to the annual rate of pay at which the employee is to be paid by the Committee, may not exceed the highest rate of basic pay as authorized by the Speaker's Pay Order. The total of the federal civilian annuity and the amount of the salary will be charged to the Committee.

Outside Earned Income

For the current applicable rate of basic pay, the amount of the limit and application of the House Rule, contact the Committee on Ethics, Office of Advice & Education, at x57103.

Overtime Wage Rate Compensation

Employees who are classified as "non-exempt" must be compensated at a rate of time-and-a half for all hours worked in excess of 40 hours during any work week, either in pay or in time-off during the same pay period.

Contact the Office of House Employment Counsel at x57075 for assistance in establishing overtime and time-off policies.

Payroll Actions

To appoint an employee a Payroll Authorization Form (PAF) signed by the Committee Chair, along with the completed onboarding packet, must be submitted to the Office of Payroll and Benefits no fewer than two business days prior to the effective date of hire.

All subsequent payroll transactions including salary adjustments, title changes, furlough or Leave Without Pay status, must be made on a PAF, signed by the Committee Chair, or submitted through the eForms application. PAFs submitted to the Office of Payroll and Benefits by the 15th day of the month in which the adjustment is effective, will be included in the monthly regular payroll cycle, which is paid on the last business day of the month. PAFs submitted after the 15th of the month will be

processed in the off-cycle payroll. All PAFs must be submitted no later than the last business day of the month in which the payroll transaction is effective.

Committee Chairs may adjust, in any month, an employee's pay to reflect exceptional, meritorious or less than satisfactory service.

Retroactive pay adjustments are prohibited. Only corrections due to administrative errors are allowed within two months after the end of the month that the error occurred.

Terminations must be made on a PAF and submitted to the Office of Payroll and Benefits as soon as the date of termination is known. If the termination PAF is received after the 15th of the month during which the termination becomes effective, the payroll for that month may have already been processed.

Lump Sum Payments

Pursuant to 2 U.S.C. §4537, a Committee Chair may authorize a lump sum payment for accrued annual leave, a bonus, severance, or other purpose.

1. Payments must be consistent with House Rule XXIII, clause 8(a), which requires that employees perform official duties commensurate with the compensation received. Employees may not be compensated from public funds to perform non-official, personal, campaign-related political party or campaign activities on behalf of the Member, the employee or anyone else. Lump sums may be for services performed during more than one month.
2. A lump sum payment may not exceed the employee's monthly pay and total compensation in any month (lump sum and regular pay) may not exceed 1/12th of the maximum rate of pay specified in the Speaker's Pay Order.
3. Committee Chairs may provide lump sum payments for accrued annual leave only if such leave was accrued in accordance with written personnel policies established prior to the accrual of such leave. Lump sum payments are considered "supplemental wages" for taxation purposes.
4. Lump sum payments are not considered as part of "basic pay" for calculating Thrift Savings Plan, life insurance, and federal pensions.
5. Lump Sum Payments will be disclosed separately in the quarterly Statement of Disbursements.

Contact the Committee on Ethics x57103 for information on the treatment of lump sum payments with regard to financial disclosure, post-employment restrictions, and outside earned income limitations.

Payroll Certification Form

Each month, Committees will receive a Payroll Certification Form from the Office of Payroll and Benefits that lists the annual salary and gross pay earned for each Committee employee. The Committee Chair must certify the information and return the form to the Office of Payroll and Benefits no later than the 15th day of the month. If an employee is a relative of a current Member of Congress, the nature of the relationship must be noted on the Payroll Certification Form.

Nepotism

A public official may not appoint, employ, promote, advance or advocate for appointment, employment, promotion, or advancement in or to a position in the office in which that public official is serving or over which that public official exercises jurisdiction or control any individual who is a relative of that public official. Pursuant to 5 U.S.C. § 3110, the term “public official” includes a Member, an employee, and any other individual who has authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals, or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in an office.

Every employee must certify a relationship to any Member of Congress on a certificate of relationship form available from the Office of Payroll and Benefits. If, at any time, the relationship of an employee to any current Member of Congress changes the employee must file an amended certificate of relationship form with the employing office. Contact the Office of Payroll and Benefits at x51435 for such forms.

Individuals with the following relationship to the Member may not be employed by the Chair or Ranking Minority Member of a Committee:

Aunt	Mother-in-law
Brother	Nephew
Brother-in-law	Niece
Daughter	Sister
Daughter-in-law	Sister-in-law
Father	Son
Father-in-law	Son-in-law
First cousin	Stepbrother
Granddaughter	Stepdaughter
Grandson	Stepfather
Half-brother	Stepmother
Half-sister	Stepsister
Husband	Stepson
Mother	Uncle
	Wife.

If a House employee becomes related to the Chair or Ranking Minority Member of a Committee or any of its Subcommittees (by marriage), the employee may remain on the Member’s personal or Committee payroll. Similarly, if a Chair or Ranking Minority Member of a Committee or any of its Subcommittees becomes the employing authority of a relative who was hired by someone else (e.g., the Member ascends to the Chairmanship of a Committee or Subcommittee for which the relative is already working), the relative may remain on the payroll. DEPARTMENT OF DEFENSE

The Department of Defense will support approved travel of Members and employees of the Congress upon request of the Congress, pursuant to law or where necessary to carry out the duties and responsibilities of the Department of Defense.

The Department of Defense Directive number 4515.12 prescribes the policy of the Department of Defense with respect to support for travel of Members and employees of Congress. For additional information, contact the Congressional Liaison Office of any branch of the Armed Services.

FOREIGN TRAVEL

Committee funds cannot be used for travel outside of the continental United States, its territories, or possessions.

The authority to incur expenses for foreign travel is contained in House Rule X, clause 8, 22 U.S.C. § 1754, and in other provisions of law and is coordinated through the State Department Travel Office. For further information contact the Office of Interparliamentary Affairs at x61766.

See the Foreign Travel section of the User’s Guide for important information on who can authorize foreign travel and reporting requirements for individuals and committee chairs.

GOVERNMENT RATE ELIGIBILITY

The government rate is available to Members and employees of the Committee to support the conduct of official travel. The government rate is not available for privately-sponsored officially connected travel.

To be eligible for the government rate when scheduling official travel, Members and employees of the Committee may present:

- Government Travel Card or Committee Cardless Account.
- Official Travel Authorization Coupon.

Contact the Finance Office at x57474 for account information and forms.

MIXED PURPOSE TRAVEL

Mixed purpose trips typically involve travel that includes official, campaign and/or privately-sponsored activities. Often this travel is funded by a mix of official, campaign and/or private funds. If the primary purpose is for a non-official event/purpose, the office cannot schedule official activities around the non-official event/purpose to make the travel eligible for Congressional offices to be reimbursed. Mixed-purpose trips may need to be approved by the Committee on Ethics.

Because mixed travel is so nuanced and specific, please contact CHA with any questions prior to making any travel arrangements.

MODES OF TRANSPORTATION

Aircraft

Members may not use personal, official or campaign funds for a flight on an aircraft unless specifically authorized in House Rule XXIII, clause 15(b):

1. Aircraft operated by an air carrier or (commercial operator certificated by the Federal Aviation Administration;
2. Aircraft owned or leased by a Member or a family member of a Member;
3. Flight of personal use by a Member supplied by an individual on the basis of personal friendship or another Member;
4. Aircraft operated by a government entity (Federal or State); or

For any questions related to the use of personal or campaign funds for a flight on an aircraft please reach out to the Committee on Ethics x57103 and the Federal Election Commission's Office of Congressional, Legislative and Intergovernmental Affairs.

Chartered Aircraft

Ordinary and necessary expenses related to chartering an aircraft are reimbursable when passengers are restricted to Members, their immediate family (spouse, child, parent) and employees of the committee, the names of whom must be stated on the voucher.

If an immediate family member is a passenger, the Committee may seek reimbursement for the full cost of the chartered aircraft and the family member must submit a check to the Finance Office payable to the US Treasury equivalent to the cost of a comparable commercial first-class fare with an explanatory letter. A letter explaining the reason for its submission must accompany the check.

Other non-Congressional individuals may travel on the Committee chartered aircraft when the chartered aircraft vendor has the ability to charge based on individual seating in the same manner as a commercial aircraft vendor; and other passengers are federal, state, and local officials, and are joining the Members and staff of the Committee in support of official committee business.

Prior written approval must be obtained from the Committee for a charter aircraft originating from or terminating at the D.C. metropolitan area and/or when the anticipated cost for the total itinerary exceeds \$7,500.

The Committee recommends that charter aircraft be used sparingly, and only if/when the Member determines there is no suitable commercial flight available. Please contact the Committee for more information.

Private or Corporate Aircraft

Committee Members may use their own privately owned aircraft for official business and may be reimbursed on a per mile basis, set annually by the CHA, and not for fuel purchased or any other expense.

Committee Members may accept at no cost travel on private aircraft owned by another Member, U.S. Senator, or a family member. For questions related to accepting flights on private aircraft owned by any other individual, please contact the Committee on Ethics at x57103.

Use of corporate aircraft by Members and employees of the committee in support of the conduct of official Committee business may occur **ONLY IF** the corporation is reimbursed for the fair market value of the flight.

To determine the fair market value of such a flight, apply the following:

- a. When the travel is via a previously or regularly scheduled flight by the corporation reimbursement is based on the cost of a commercial first-class flight to the nearest location served by a commercial passenger airline. If only standard (coach) rates are available at the nearest location, the committee must reimburse the entity for the standard (coach) rate.
- b. When the flight is scheduled specifically for Committee use, payment will be made based on the cost of an equivalent commercial chartered flight to that location.

Prior to scheduling travel via corporate aircraft, offices should contact the Committee on Ethics, at x57103 for guidance.

Officially Leased Vehicles

Ordinary and necessary expenses related to the rental of a vehicle in support of the conduct of official business are reimbursable.

1. Non-governmental use of a vehicle may be made only when such use is:
 - a. During the course of and generally along the route of the day's official itinerary.
 - b. Incidental to the day's official Committee business.
 - c. De minimis in nature, frequency, and time consumed.
 - d. Does not otherwise constitute a significant activity or event.
 - e. Not for any campaign/campaign-related political party purpose.
2. The Committee recommends that cars be rented at the government rate with unlimited mileage and full and comprehensive collision damage waiver (CDW) coverage. Not all rental car

franchises include CDW coverage with the government rate. To ensure CDW coverage, offices should make their rental car reservations through the Combined Airline Ticket Office (CATO).

3. If the government rate is unavailable or the government rate does not include CDW coverage, the cost for CDW coverage is reimbursable.
4. Personal accident insurance, personal effects coverage, and equivalent insurance policies are not reimbursable.
5. Security deposits, advance payments, termination fees, traffic violations, etc., are not reimbursable.
6. In the event of an accident with a rental vehicle, Members or employees may contact the Office of General Counsel at x59700 for guidance related to the Federal Tort Claims Act.

Privately-Owned / Privately-Leased Vehicles

A Member or employee of the committee who uses his or her privately owned or privately leased vehicle while on official committee business may be reimbursed on a rate per mile basis, set by CHA annually, and not for fuel purchased or any other expense.

Mileage reimbursement may not be made for a vehicle that is owned or leased by the principal campaign of a Member, a political- action committee, or a political party.

TRAVEL PROMOTIONAL AWARDS

Free travel, mileage, discounts, upgrades, coupons, etc. accrued by Members or employees as a result of official travel awarded at the sole discretion of the company as a promotional award, may be used at the discretion of the Members and employees of the Committee. The CHA encourages the official use of these travel awards whenever practicable.

UNEXPECTED OFFICIAL TRAVEL

If a Committee Member or employee is unexpectedly required, beyond their control, to travel for official business (e.g., previously unscheduled House vote or committee meeting or hearing, natural disaster, or civil disorder, etc.), then travel from and back to the personal destination is considered official travel and is eligible for the government rate.

Travel to and from campaign or other political activity is not reimbursable.

DISBURSEMENTS

Disbursements from Committee funds are made on a reimbursement or direct payment basis that require supporting documentation and Committee Chair certification as to accuracy and compliance with applicable federal laws, House Rules and CHA regulations. The [Voucher Documentation Standards](#), available on [HouseNet](#), specify what documentation is required for each type of expense.

Reimbursement and payments from Committee funds may be made only to Members, employees of the Committee, consultants, detailing Government agencies, witnesses or vendors providing services to support the operation of the Committee.

The CAO prepares for each office a monthly financial statement showing the year-to-date expenditures and obligated amounts. The quarterly expenditures reflected in these statements are compiled and published online as the quarterly Statement of Disbursements.

ADVANCE PAYMENTS

There are instances in which advance payments may be paid from Committee funds. All advance payments must meet the following criteria:

1. Vendor provides these billing options to other customers (documentation required).
2. Amount to be paid must be fixed at the time of purchase (i.e., variable cost contracts or services are ineligible).
3. All transactions for advance payments for the next legislative year must be submitted for payment before the beginning of that legislative year.
4. Vendor may not bundle items that are eligible for advance payment with items that are not eligible.

Unless specifically authorized by the Committee, only the following advance payments are reimbursable.

2. Educational expenses.
3. Telecommunication devices and services.

INTENT TO OBLIGATE FUNDS

At times, offices are unable to procure necessary items they intend to purchase prior to the end of the legislative year due to circumstances beyond their control. Requests to obligate prior year funds after January 2 of the succeeding year to purchase equipment and software will be considered when a Committee Chair provides documentation demonstrating a bona fide intent to obligate.

To obligate funds, Committee Chairs must submit a “Letter of Intent” signed by the Chair to First Call by 5:00PM EST on January 2 (*or the Friday before when January 2 falls on a weekend*) including the following information:

- Description of the item(s) to be purchased, including quantity, make, model, cost per item, name of vendor, and vendor's contact information, if that information is available (Offices may not block off a general amount).
- Circumstances preventing the completion of the purchase prior to the close of the legislative year.

The total amount of the items listed on the letter of intent may not exceed 10% of the committee's current year authorization or the amount remaining for that session, whichever is less.

If the "Letter of Intent" is in compliance with the applicable regulations and procedures, prior year funds will be available through March 31 of the following year (*or the Friday before when March 31 falls on a weekend*). If the items are not purchased by the deadline, the Chair forfeits the opportunity to use prior year funds for the purchase.
