Dear Chairperson Lofgren and Ranking Member Davis,

Pursuant to Section 505 of House Resolution 756 from the 116th Congress, I am submitting this quarterly report regarding the assignment of unique identifiers for reports filed by registered lobbyists.

As mentioned in past reports as well as in my April 6, 2022, statement before the House Appropriations Subcommittee on the Legislative Branch, given the lobbying disclosure system's age, we recommend that it be redesigned and built anew.<sup>1</sup> A contemporary system will improve user experience, provide more efficient processing and automation, and allow for greater transparency. overhaul of the aging system is required, and the recommendation includes \$1,400,000 for the project.<sup>2</sup>

I understand from conversations with the Appropriations Committee staff that the \$1,400,000 request will be funded from the Modernization Initiative Account. My office will use these funds for procurement and other related costs, and we may need additional funds to complete this multi-year project.

To assist in our analysis of this project, we continue to research similar systems in other jurisdictions and in both public and private sectors and evaluate technologies that we can leverage in a redesign effort. Additionally, we have had conversations with General Services Administration staff about the Login.gov identity management service and its processing of personally identifiable information for unique user identification. These conversations have been productive, and we continue to review whether the Login.gov service may be an appropriate approach for a new lobbying disclosure system.

If you or others on the Committee have questions about this report, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, reading "Cheryl L. Johnson" with a long horizontal flourish extending to the right.

Cheryl L. Johnson  
Clerk of the House
