Committee on House Administration

Dear Chairperson Lofgren and Ranking Member Davis,

Pursuant to Section 504 of House Resolution 756 from the 116th Congress, I am submitting this quarterly report about establishing and maintaining a database of votes taken in Committees.

As discussed in the last report, my staff in the Legislative Computer Systems division have continued their discussions on this matter and on other items that impact Committee operations, such as

- Making improvements with regards to accessing Committee information on Congress.gov to include transcripts, videos, votes, and legislative text, and
- Creating a common Committee scheduling tool that will assist in the scheduling of Committee meetings and activities at times that do not conflict with the times of meetings and activities of other Committees on which their Members serve.

These discussions have included the drafting of two requests for information (RFIs) for a portion of the work to gather and investigate potential solutions. We plan to publish the RFIs this month.

Should the Committee wish to discuss these matters in more detail, please do not hesitate to contact me.

Sincerely,
