

KEVIN F. McCUMBER  
DEPUTY CLERK

LISA P. GRANT  
DEPUTY CLERK

Office of the Clerk  
U.S. House of Representatives  
Washington, DC 20515-6601

July 15, 2022

The Honorable Zoe Lofgren  
Chairperson  
Committee on House Administration  
1309 Longworth House Office Building  
Washington, DC 20515

The Honorable Rodney Davis  
Ranking Member  
Committee on House Administration  
1216 Longworth House Office Building  
Washington, DC 20515

Dear Chairperson Lofgren and Ranking Member Davis,

Pursuant to Section 502 of House Resolution 756 from the 116th Congress, I am submitting this quarterly report about the Comparative Print Project.

As the Committee is aware, the Comparative Print Suite is a set of applications that allows House staff and others to create on-demand, point-in-time comparative prints between legislative texts and between legislative text and the law. My staff in Legislative Computer Systems (LCS), in partnership with the House Office of the Legislative Counsel (HOLC) and our contractors, lead the project team.

The project team continues to refine the system and complete tasks related to the cloud infrastructure. The Comparative Print Suite shares the cloud infrastructure with the improved eHopper (eHopper.house.gov) and the Legislative Information Management System (LIMS), which is under redevelopment and redesign. My staff is working closely with our contracting staff and our internal partners in the Office of the Chief Administrative Officer to ensure a stable and secure cloud infrastructure. Since the last report, the project team deployed the Comparative Print Suite into the Clerk's cloud infrastructure, which improved the application's security and operations. This deployment paves the way for more robust, efficient, and accelerated deliveries

of product updates. We are looking forward to delivering the Comparative Print Suite House-wide pending the complete migration to the cloud and its required security audits. To begin House-wide deployment, we will move the Committee Pilot Group users to the internal House application soon and complete the on-demand courses that will be hosted on the Congressional Staff Academy learning platform.

Since the last report, we have hosted two Committee Pilot training sessions with 67 Committee staff. Currently, more than 250 staff from House Committees, HOLC, the Congressional Budget Office, the Congressional Research Service, and the Joint Committee on Taxation have access to the software.

If you or others on the Committee have questions about this report, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, reading "Cheryl L. Johnson". The signature is written in a cursive style with a long horizontal flourish extending to the right.

Cheryl L. Johnson  
Clerk of the House
